Roual Novak
Managing Director
California Manufacturing Technology Center
100 S. Anaheim Blvd., Suite 338
Anaheim, CA 92805

Dear Mr. Novak:

On the behalf of the Kittyhawk Products, I would like to take this opportunity to thank **Mr. Bahman Pouranpir** for the excellent job that he has done in completing our ISO 9000 project.

Bahman's dedication, knowledge, professionalism and on time completion of all of the project millstones made it possible for us to get our ISO registration as we planned.

Achieving the ISO registration will result a bigger market share of our services in the industry with significant saving in our operations cost. As a result , we are planning to expand our operation with opening an additional new facility to meet the growing demand for our services.

Through this accomplishment, we at Kittyhawk Products believe that our experience with CMTC exemplify and represent an admirable level of services that your company can provide to industries like us.

Thank you again. We are looking forward to a long and successful relation with CMTC.

Best regards,

Dennis Poor
Chief Operation Officer
