Dear Mr. Braunstein:

On behalf of Micro Precision Swiss staff, I wish to write this recognition letter for Mr. Bahman Pouranpir for the remarkable skill that he has demonstrated while working with us.

Bahman accepted the challenging project of completing our quality system, which is, based on ISO 13488 and EN 46002 and FDA Medical Quality System Regulation. Bahman's ability to evaluate our project existing status, and by setting a logical explicit program in completing the project, was admirable. Our staff at MPS thoroughly enjoyed working with Bahman. His ability to simplify a complex project and by taking sound and progressive steps, created a sense of accomplishment and enthusiasm among our staff. Bahman's knowledge and dedication to his profession is commendable. We are very grateful for his contribution to our company.

I congratulate CMTC for having such a valuable asset, and certainly appreciated the opportunity to work with your excellent staff.

Sincerely,
